

# 6 th Nordic PEF Agrifood workshop, 29 September 2021

State of play: How does PEF translate to food?

Environmental footprinting of agricultural products and food

**Welcome & introduction to the day**

Gert S Hansen

Chairperson for the NEF group

Danish Environmental Protection Agency

# Some practicalities

- Hybrid event.
  - 38 persons here in the nice premises of Danish Agriculture
  - And 50 Virtual participants.
  - Please mute your computers
- Breaking for lunch between 13.00-13.45
- Closing of WS 16.00
- Virtual participant can ask questions via the chat in Teams, which we will pick up at the end of each presentation
- WS will be recorded and made available on [www.nordic-pef.org](http://www.nordic-pef.org)
- Reflexions from the participants before closing

NEF

## Nordic Environmental Footprint group

Established 2015 by Nordic Circular Economy working group (NCE)  
/Nordic Council of Ministers

Aim:

- Coordinate Nordic authorities work regarding Commission PEF/OEF project
- Contribute to Nordic/EU discussions regarding how to “green the market”
- Disseminate knowledge to Nordic stakeholders

Participants:

- Environmental authorities from Denmark, Finland, Norway and Sweden

<http://nordic-pef.org/>

Based on the EU pilots the Nordic started up collaboration on the European approach to footprinting to have a common ground for developing an inner green market

- Forum for discussion
- Coordination
- Development of Nordic strategies, papers
- Dialogue with stakeholders
- Dessimination of results

### Discussion paper

## Future environmental footprint communication

Nordic Environmental Footprint Group

This working paper has been published with financial support from the Nordic Council of Ministers. However, the contents of this working paper do not necessarily reflect the views, policies or recommendations of the Nordic Council of Ministers.

# NEF agriculture activities 2022

- Evaluate the effect of recommendations from the EU Agricultural Modelling WG working groups regarding changes to PEF methodology from a Nordic perspective, i.e. the need for remodelling and datasets
- Participate in meetings and discussions among Nordic Food and Feed stakeholders working with PEF or other LCA based initiatives. The outcome will be short reports from different meetings or evaluations of initiatives in the Nordic countries
- 7th Nordic workshop discussing Nordic aspects of PEFCRs and operational framework for specific farming, aquaculture and food processes based on the remodelling exercise and developments in the Feed PEFCR and GFLI database.

## **Today's agrifood event**

- 6<sup>th</sup> event
- Former events have been very focused on development of methodology etc.
- Today we now want to present the state of play for the Farm to Fork strategy
- Will open the PEF-toolbox
- Present the latest Nordic results and present practical experience with PEF-based labelling and the market pull for product oriented environmental information

Can PEF be the new Environmental "Meter" within the food area?

Inches or cm ?

## **Thank you to:**

- the Danish Agriculture and Food Council
- Bureau Veritas for the arrangements
